REASONS FOR ALLOWANCE

The amendment filed on August 5, 2004 has been entered. The specification and claims 1, 7 and 10 have been amended, claims 8 and 9 have been cancelled and new claims 11-14 have been added.

Claims 1, 7 and 10-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's arguments appearing at page 6, line 10 to page 7, line 5 of the remarks accompanying the amendment filed August 5, 2004 with respect to the rejection of claims 1, 7 and 8 under 35 USC 103(a) have been fully considered and are persuasive. The prior art rejection of claims 1, 7 and 8 has been withdrawn.

Regarding claim 11, none of the prior art of record shows or suggests a release apparatus for a clutch including the master cylinder, the pedal having an end provided with a rolling cam, and the energy accumulator arranged together in the manner set forth in claim 11, and particularly wherein the energy accumulator comprises a spring having a first end connected to the chassis and a second end carrying a roller which is pressed against the rolling cam by the spring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
